

Personnel for the IT-industry
Specialists for technical, sales and management personnel
for the IT world

Human resource management when you need it, where you need it

Today business is changing faster than ever – and so is technology. The only Way to survive in this environment is to stay innovative

With new mobility in the working world, companies face new challenges when it comes to personnel planning.

Have you ever wondered how your company can succeed in this dynamic environment? The answer is simple.

Success comes...

...with the right personnel in the right place at the right time.

If...

- you don't have enough time for personnel recruiting,
- your key positions still have not been filled with the right candidates,
- you're looking for specialists that are hard to find in the marketplace,
- your past efforts have not brought the desired results...

... then you need to know what PERIT Consulting can do for you !

Your partner at the cutting edge of industry

PERIT Consulting are the industry's HR specialists for recruiting qualified technical, sales, and management personnel for companies in the IT and telecommunications industries.

We have one primary goal, and that is to make the hiring process as efficient as possible for our clients.

Industry expertise at your disposal

Our expert consultants with their specialized knowledge play a key role in everything we do. All consultants at PERIT Consulting come from top positions at successful IT and telecommunications companies. This gives them the valuable practical experience they need, in order to find the right candidates for your company.

How do you benefit from our expertise?

Firstly, PERIT Consulting knows the right places to look for your candidates. We might search internal databases, or use target-group-specific media, or else activate direct personal contacts.

Secondly, our expertise as industry insiders helps you to quickly fill those vacant positions. Your PERIT Consultant can use his industry knowledge to accurately assess the requirements for an open position, ensuring that he will send you only those candidates who are a perfect fit for your company.

Our pre-selection process means less work for you – and frees up valuable time for you to focus on your core business.

Looking for the best candidates and finding them

We have the
TOP PEOPLE FOR TOP COMPANIES!

But why do they come to PERIT Consulting?

It's not so easy to find interesting jobs for candidates. But thanks to the renowned companies among our clientele, we have the best positions...and qualified specialists look for the jobs where the selection is better, and where they have a greater chance of success!

Wouldn't you like to have these top candidates come work for you?
Here's how we can make it work for you:

To ensure that we can always offer these top applicants for your open positions, we maintain a presence in every possible personnel recruiting channel, including the Internet, international recruiting and direct contacts.

We work closely together with your HR staff to develop a clear requirements profile for the position to be filled

Using pre-defined selection processes based on proven interview structures, our consultants filter out the appropriate candidates who perfectly fit your requirement criteria.

We present you these pre-selected candidates, and you decide which candidate is the best fit for your company.

Individual attention to every customer

Our experience has shown that consultant continuity is the key to success when it comes to filling your strategically important positions. Therefore, our motto is: "One face to the customer."

Fill positions quickly

We are a service business, which means we work with the utmost speed and flexibility on your behalf, and we take on the challenges of constantly shifting market requirements in order to ensure your long-term success.

We know that only a highly specialized personnel consulting company can meet these needs, and that is why we have focused all of our resources on the IT and telecommunications markets.

In Latin, Peritus means "experienced" & "well-informed" - and that's what we stand for: PERIT Consulting

The PERIT Consulting name stands for experienced, knowledgeable consulting services we provide to our clients. Since our company's founding, we have continuously adapted our personnel services and profiles of our consultants to the needs of the IT and telecommunications markets.

As a result, we have a tremendous wealth of knowledge and experience in these fields.

Whether working individually or in project teams, our consultants identify with our clients, and are always willing to go the extra mile. For us, working closely with our clients and candidates is of the utmost importance, because it is satisfied customers and motivated candidates that make PERIT Consulting successful.

At PERIT Consulting, we are discrete and reliable, providing the highest quality and service. We are HR experts.
